China Ceo A Case Guide

—Rolf D. Cremer, Professor of Economics, Dean and Vice President, China Europe International Business School "China CEO: A Case Guide for Business Leaders in China is a wonderfully balanced set of case studies that the new as well as experienced China manager can learn from. Through its descriptions of and commentaries from expatriates and local Chinese on the case studies, the book provides practical insights and juxtaposing opinions on how business is done in China and what works and ...

China CEO: A Case Guide for Business Leaders in China ...

In China, where wages are still low (at least relative to Western economies), CEOs will want to examine carefully the economic case for automation. Recent MGI research indicates that the majority of benefits from automation may come not from reducing labor costs but from raising productivity through fewer errors, higher output, and improved quality, safety, and speed.
