En español | By the time you reach 65, chances are about 50-50 that you'll require paid long-term care (LTC) someday. If you pay out of pocket, you'll spend \$140,000 on average. Yet you probably haven't planned for that financial risk. Only 7.2 million or so Americans have LTC insurance, which covers many of the costs of a nursing home, assisted living or in-home care — expenses that ...

### 5 Facts You Should Know About Long-Term Care Insurance

How people pay for long-term care—whether delivered at home or in a hospital, assisted living facility, or nursing home—depends on their financial situation and the kinds of services they use. Often, they rely on a variety of payment sources, including personal funds, government programs, and private financing options.
