Phoneme Segmentation Chart Instructions In Spire

Phonemic awareness instruction is most effective when it focuses on only one or two types of phonemic manipulation at a time. Segmenting and blending are the most critical phonemic awareness skills. Phonemic awareness instruction is most effective when children are eventually taught to manipulate phonemes by using alphabet letters.

Teaching Phonological Awareness, Syllables and Phonemic ...

Write the "Segmentation Cheer" on chart paper, and teach it to children. Each time you say the cheer, change the words in the third line. Have children segment the word sound by sound. Begin with words that have three phonemes, such as ten, rat, cat, dog, soap, read, and fish. Segmentation Cheer. Listen to my cheer. Then shout the sounds you ...
