Voiceover: That play will always shape us. [video: camera pans to the girl who spoke throughout video for her final words. She turns and runs through grass to join her friends on the playground. Landscape Structures logo appears.] Watch the first chapter of Shaped by Play.

Shaped By Play - Landscape Structures

"Just Shapes & Beats" is a chaotic co-op musical bullet-hell based on three simple things: avoid Shapes, move to the kick-ass Beats, and die, repeatedly. It's a new spin on the SHMUP genre, adding a layer of cooperation that's at the core of the game: because everything is better with friends.

Just Shapes & Beats on Steam

Teachers can provide suggestive materials (cookie cutters), engage in parallel play with children, and raise comments or questions regarding shapes and numbers of things. For example, they might make multiple copies of the same shape in play dough with the cookie cutters, or transform sand or play dough into different objects.

Shapes is a fun educational activity to help children learn basic properties of simple geometric figures. Children will practice looking for differences and similarities between shapes to complete puzzles. Shapes! gets progressively more difficult as children complete the stages. The final stage introduces symmetry.

Shapes! A Geometry Activity for Children • ABCya!

We envision a near term future where all existing scientific research related to human play — currently scattered across a range of scientific disciplines and only partially identified as human-play-related — is integrated and the field of Human Play is a credentialed discipline in the scientific community.
