Politics And Culture In The

Political culture, in political science, a set of shared views and normative judgments held by a population regarding its political system. The notion of political culture does not refer to attitudes toward specific actors, such as a president or prime minister , but rather denotes how people view the political system as a whole and their belief in its legitimacy .

political culture | Definition, Features, & Examples ...

Every country has a political culture — widely shared beliefs, values, and norms that define the relationship between citizens and government, and citizens to one another. Beliefs about economic life are part of the political culture because politics affects economics.

American Political Culture [ushistory.org]

Definition. María Eugenia Vázquez Semadeni defines political culture as "the set of discourses and symbolic practices by means of which both individuals and groups articulate their relationship to power, elaborate their political demands and put them at stake." Gabriel Almond defines it as "the particular pattern of orientations toward political actions in which every political system is embedded".
