In this insightful book, Marty covers a wealth of vital issues about the state of the politics and religion, including: the case often made against public religion; how public religion affects the common good; the ways in which the individual citizen is formed by faith; the declining political power of traditional institutions; the flourishing of religious special interest groups; and how to ...

Politics, Religion, and the Common Good: Advancing a ...

In social science and politics, power is the capacity of an individual to influence the actions, beliefs, or conduct (behaviour) of others. The term authority is often used for power that is perceived as legitimate by the social structure, not to be confused with Authoritarianism.. Power can be seen as evil or unjust; however, power can also be seen as good and as something inherited or given ...
