This is why you remain in the best website to look the amazing ebook to have.

It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator – a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

Way Beyond Monochrome - Elsevier

Way Beyond Monochrome is a book for advanced amateur and semi-professional traditional photographers, who have at some time developed and printed their own images but want to improve negative and print quality. It will take the reader on a journey, which will transform 'trial and error' into confidence and the final print into something special. It remains one of the leading books on the subject, many years after its initial publication.
